

Attention All Parents

How would you like to teach your children Greek?

Well, now you can right here at Holy Trinity!

Have your children build a foundation of fundamental Greek vocabulary and essential grammar structure. Help them develop Greek language skills to enjoy social interactions with family and friends, dining out, shopping, traveling, and much more.

Your children will learn Greek from Holy Trinity's highly-devoted Greek language teachers. What's more, they will discover the richness of our Greek heritage and culture, and learn a Greek dance or two along the way.

REGISTER NOW for the upcoming FALL SEMESTER!

► New this Fall: We are pleased to announce a dynamic, new Pre-K program for our younger children (ages 4 and 5) called "Pediki Hara". Pre-schoolers will have fun learning Greek through music, dance, arts and crafts.
